OFFICE OF PETITIONS

In re Application of	:	
Joshua W. Hamilton, et. al.	:	
Application No. 10/089,475	:	DECISION ON PETITION
Filed: August 12, 2002	:	UNDER 37 CFR 1.78(a)(6)
Attorney Docket No. DC-0190	:	

This is a decision on the petition under 37 CFR 1.78(a)(6), filed February 25, 2009, to accept an unintentionally delayed claim under 35 U.S.C. §119(e) for the benefit of the prior-filed provisional applications set forth in the concurrently filed amendment.

It is noted that the present petition contains an incorrect registration number for Jane Massey Licata. However, the signature and registration number provided on the amendment filed on February 25, 2009, is sufficient to establish that petitioner is an attorney of record and registered before the United States Patent and Trademark Office. Therefore, the signature on the present petition is accepted.

The petition is **DISMISSED**.

A petition under 37 CFR 1.78(a)(6) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after expiration of the period specified in 37 CFR 1.78(a)(5)(ii) and must be filed during the pendency of the nonprovisional application. In addition, the petition must be accompanied by:

- (1) the reference required by 35 U.S.C. § 119(e) and 37 CFR 1.78(a)(5)(i) to the prior-filed application, unless previously submitted;
- (2) the surcharge set forth in § 1.17(t); and
- (3) a statement that the entire delay between the date the claim was due under 37 CFR 1.78(a)(5)(ii) and the date the claim was filed was unintentional. The Director may require additional information where there is a question whether the delay was unintentional.

Intermediate PCT Application No. PCT/US2000/027443 filed October 4, 2000 was filed within twelve months of the provisional Application for which priority is claimed. A reference to the prior-filed application has been included in an amendment to the first sentence of the specification following the title.

However, the amendment is not acceptable as drafted since it improperly incorporates by reference the prior-filed application. An incorporation by reference statement added after an application's filing date is not effective because no new matter can be added to an application after its filing date (*see* 35 U.S.C. § 132(a)). If an incorporation by reference statement is included in an amendment to the specification to add a benefit claim under 35 U.S.C. § 119(e) after the filing date of the application, the amendment would not be proper. When a benefit claim under 35 U.S.C. § 119(e) is submitted after the filing of an application, the reference to the prior application cannot include an incorporation by reference statement of the prior application. *See Dart Industries v. Banner*, 636 F.2d 684, 207 USPQ 273 (C.A.D.C. 1980). *Note* MPEP §§ 201.06(c) and 608.04(b).

Accordingly, before the petition under 37 CFR 1.78(a)(6) can be granted, a renewed petition under 37 CFR 1.78(a)(6) and either an Application Data Sheet (ADS) or a substitute amendment (complying with 37 CFR 1.121 and 37 CFR 1.76(b)(5)) deleting the incorporation by reference statement, is required.
